### Product Description

## Kawasaki Engines FJ180V

All-purpose and heavy-duty, the FJ180V is built to be compact and lightweight—all while offering you the power you need to accommodate a range of applications. From walk-behind mowers and golf-course equipment to construction and agricultural machinery, this overhead valve Kawasaki engine features a dual-element air cleaner, low-tone muffler with guard, cast-iron cylinder liners, and more for low-emission, high-powered performance.

#### Features

- Overhead valve
- Flywheel magneto transistor ignition
- Recoil starter with automatic compression release
- Dual-element air cleaner
- Low-tone muffler with guard
- Fuel shut-off valve
- Cast-iron cylinder liner
