Product Description

Kawasaki Engines FR651V

Reliability is the top priority in the Kawasaki FR651V engine, ideal for residential use. Smooth operation contributes to quieter performance while commercial-grade power helps provide the type of results you'll want to replicate time and time again. Make at-home outdoor maintenance something to look forward to with this efficient V-twin, 4-cycle vertical shaft engine.

Features

- Overhead V-valve
- 90° V-twin
- Pressurized lubrication system
- Electronic spark ignition
- Automatic compression release
- Internally vented carburetor with fuel shut-off solenoid
- Rotating metal grass chopper screen
- Cast-iron cylinder liners
- Single-stage air filter
